## WORK EXPERIENCE

### Unity Developer MoolMantra Technologies

01/2023 - Present

#### Achievements/Tasks

- As a Unity Developer, I led the creation of a boxing game for Oculus Quest 2 handling all aspects from coding game mechanics to UI setup seamlessly integrated particle effects, sound cues, and scoring systems to ensure an immersive experience. Leveraging Unity and Oculus SDK, I crafted the game's functionality and UI, utilizing DoTween for fluid animations.
- I played a pivotal role in the development of a Teenpatti game project. My responsibilities primarily focused on UI/UX design and implementation using Dotween for smooth transition effects.
- I orchestrated a pivotal real estate project crafting a dynamic 3D model featuring various buildings like shops, hospitals, malls, petrol pumps, and schools. Leveraging my Unity expertise, I seamlessly integrated interactive elements including a Cinemachine Free Look Camera, facilitating effortless exploration via intuitive mouse controls.
